**Date:**

Dear Parent or Carer,

**The Lancaster Model (TLM) Health and Wellbeing Questionnaire**

As your child has now started school, we wanted to let you know about the free help available through the Evelina London School Nursing Team to support the health and wellbeing of your child. The service is led by specialist nurses and supports all school aged children, including those who are fit and well.

To tailor our support, we are offering parents or carers of children who started Reception in September 2026 the opportunity to complete an online health and wellbeing questionnaire. The questionnaire is a chance for you to let us know about any physical, developmental or emotional health needs that are concerning you. We will use the questionnaire to help make decisions about how best to support you and your child, if you need it.

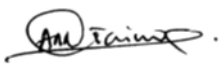
Please complete the questionnaire within the **next 7 days**, you can access it by clicking on this hyperlink and selecting your child's school: The Lancaster Model - School Entry Health & Wellbeing Review - School selection

A member of the school nursing team will read and review your responses to identify if further support may be needed and we will contact you, if this is required. If you do not hear from us and you would like to talk to us about your child's questionnaire, please use the contact details included in this letter. We are available during term time and the school holidays (except bank holidays).

All personal information collected from the questionnaire is held securely to meet with data protection, GDPR and Information Governance requirements and will be treated as confidential. Anonymous information may be shared with other agencies to improve services.

Kind regards

Taiwo Muibi – Head of Nursing Children's Community Services



Evelina London School Nursing Team
